Versatile Gun Dog Owners:

I am sending this email to you because we are offering a **Training Day** prior to the test. We are going to do this on Friday Sept. 10th. Start time will be at 8:00 am. at the Mazomanie Wildlife Area dog test grounds, which are located about twenty-five miles south of Baraboo, Wisconsin. (Dogs do not need to be registered for the test to participate in training day.)

Our focus will be to help you with any questions and any areas you think your dog needs improvement for the test. We will have both ducks and pheasants for you (price to be determined). You will need to purchase these for your dog. Natural Ability dogs will just need pheasants and Intermediate dogs could use ducks and pheasants.

**I will need to know if you plan on coming to the training day so we can purchase birds for you.**

We are looking forward to seeing you and your dog at the test, and we realize that everyone is not going to be able to make it to the training day prior to the test. Please come if you can.

We also will arrange for lunch at the training grounds for a small fee.

Please contact me if you have any questions about training day or anything about the upcoming test.

Sincerely,  
Dave Read
